

Resolutions passed in Achilles Club committee meeting 26 October 2021

1. Achilles Club codes of conduct.

To the extent relevant to the club the club adopts the current codes of conduct of UK Athletics.

2. Achilles Club Welfare and Safeguarding policy.

To the extent relevant the club adopts the current policies of UK Athletics; it has appointed two welfare officers to the committee and will maintain a register of all those members who have completed approved welfare courses.

3. Achilles Club Grievance procedures.

Comment. England athletics provides a general set of templates for use generically as Clubs constitution. It suggests that the grievance procedure be included in the Constitution. The relevant parts of the template amended to the Club's specific circumstances have been included it in the revised draft Constitution [subsequently adopted in AGM December 2021].
